

Colorado Blue™

**Elite Turf
Quality**

Premium Quality Bluegrass
Sod for over 40 Years

Colorado Blue™

Colorado Blue™ is a drought resistant blend of elite Kentucky Bluegrasses. The semi-aggressive nature of these elite varieties makes an extremely dense, dark, fine textured turf that actively fills in worn and weak areas. Colorado Blue™ has the highest wear rating of any of our sods. It is ideal for backyard play areas to sports fields. Full sun to medium shade, this blend can be mowed from 5/8 inch to 3 inches for a desired look. For over 40 years, great year round color and thick density make this our most popular best selling blend.

Only The Finest Varieties

- Extremely versatile Bluegrass blend is composed of only the finest new & improved bluegrass varieties
- Varieties have an intense dark green color, fine textured upright leaves, and are moderately aggressive
- Elite Turf Quality with great year round color and density

Heat & Drought Resistant

- Bluegrass varieties are selected for our dry climate and are very heat and drought tolerant
- These bluegrass varieties recover rapidly from drought stress

Great Wear Tolerance

- Ability to withstand punishment and high traffic in back yards, parks and sports fields
- Bluegrasses selected for outstanding wear tolerance

Disease Resistant

- Resistance to Necrotic Ring Spot, Leaf Spot/Melting Out, Snow Mold, Brown Patch, Dollar Spot, Stripe Smut

Adaptable Mowing Height

- Can be mowed at a variety of heights ranging from 5/8" to 3" for different applications
